

This comment is in regard to K-LOVE a christian radio station here in Virginia Beach. It is extremely important that you continue to allow K-LOVE to broadcast in my community. K-LOVE has inspired many people to not take their lives the impact that they have on the community is definitely for the better many lives have been spared simply because of the Positive and encouraging music and personalities. It is also one of the only stations in this area that I feel safe letting children listen to without any offensive content. so in closing I would appreciate it if you continue to allow K-LOVE to continue broadcasting.
